

BOMMIDI LAXMI PRASANNA

Java Backend Developer — Spring Boot Developer

8008604418 — prasannareddy771@gmail.com

[LinkedIn](#) — [GitHub](#) — [Portfolio](#)

Professional Summary

Results-driven Java Backend Developer with professional experience building secure, scalable RESTful APIs using Spring Boot and PostgreSQL. Proficient in implementing JWT authentication and managing cloud environments (Azure Certified).

Skills

Languages: Java, PostgreSQL, TypeScript

Frameworks: Spring Boot, Spring Security, Next.js, React

Database: PostgreSQL

Tools: Git, GitHub, Maven, Postman, IntelliJ IDEA

Cloud: Microsoft Azure (AZ-900)

Professional Experience

Java Backend Developer Intern

Dec 2025 – Present

Purview

- Developed and deployed RESTful APIs using Spring Boot, integrated with MySQL database
- Implemented JWT-based auth reducing unauthorized access risk JWT-based authentication and role-based access control with Spring Security, securing endpoints and ensuring unauthorized users are restricted from administrative routes
- Tested and validated 10+ RESTful APIs using Postman, ensuring correct status codes, error handling, and response payloads

Projects

JWT Authentication System(Tech: Spring Boot, Spring Security, JWT, PostgreSQL)

- Developed a secure authentication system using Spring Boot, Spring Security, JWT, and PostgreSQL.
- Implemented user registration, login, and role-based authorization.
- Implemented JWT-based auth reducing unauthorized access risk JWT-based authentication and RBAC with Spring Security, securing endpoints and ensuring unauthorized users are restricted from administrative routes

Tours and Travels Management System(Tech: Spring Boot, PostgreSQL, REST API, Postman)

- Developed backend APIs for package management and booking operations.
- Developed 6+ REST APIs for booking, package listing, and customer management modules.

Upturn Opportunities(Tech: Next.js, React, TypeScript, REST API)

- Built responsive UI components using Next.js, React, and TypeScript for a career opportunities platform.
- Integrated REST APIs with frontend components for dynamic data rendering and routing.

Education

Bachelor of Technology (Computer Science and Engineering)

2020 – 2024

Indur Institute of Engineering and Technology

CGPA: 7.3

Certifications

- Microsoft Azure Fundamentals (AZ-900)
